

Genes, Brain and Behavior 2021

25th Anniversary Celebration

Virtual Event: [Walkabout Workplace](#)

May 10th-May15th, 2021

Society

The [International Behavioural and Neural Genetics Society](#) has members that study the genetic basis of a wide range of behaviors and brain disorders together with the underlying neuronal mechanisms using diverse species, genetic approaches, and techniques in molecular and behavioral neuroscience.

Meeting

The [Genes, Brain and Behavior](#) Annual Meeting will include Plenary Lectures, Symposia, Poster Sessions, Workshops (Trainee Day Workshop and Machine Learning Workshop) as well as Professional Development and Networking Activities. Check out the [Meeting Page](#) for details and updates.

Venue

[Walkabout Workplace](#) is an innovative digital platform that is best described as virtual real estate. We've had a building constructed consisting of 4 floors that are optimized for meetings, exhibitions and social interaction. The platform has state of the art audio visual technology and is equipped with communication and social media integration options. The **exhibitor space** is located on the main Conference Floor which also contains networking tables, help desk, reception, auditorium, presentation/training rooms, bars and patios. Each exhibitor will have a booth displaying their logo and an office of their choice. Exhibitors will be able present live and/or recorded product demos as they like. Check out the [floor plan and design](#). Contact Anna Delprato [administrator@ibangs.org] for more information.

Sponsorship Items

Booth at virtual exhibition space

\$100

2 shareable badges

Sponsor logo posted on meeting page and meeting program

Sponsored by ... messages at the start and end of each day of the meeting

Activities to optimize sponsor/attendee interaction

Social media recognition of sponsor support
